

# Office Dad Accessories

Create some style for Dad's office with these fun accessories.

**Crafter Level:** Easy

**Time Needed:** 10 minutes (per container)

## What you'll need

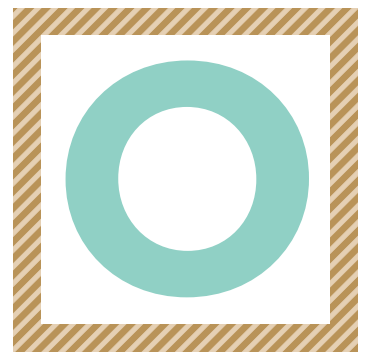

- Cans from your kitchen, washed, with labels removed
- Card-stock weight paper
- Double-sided tape
- Craft knife or scissors
- Ruler and pencil

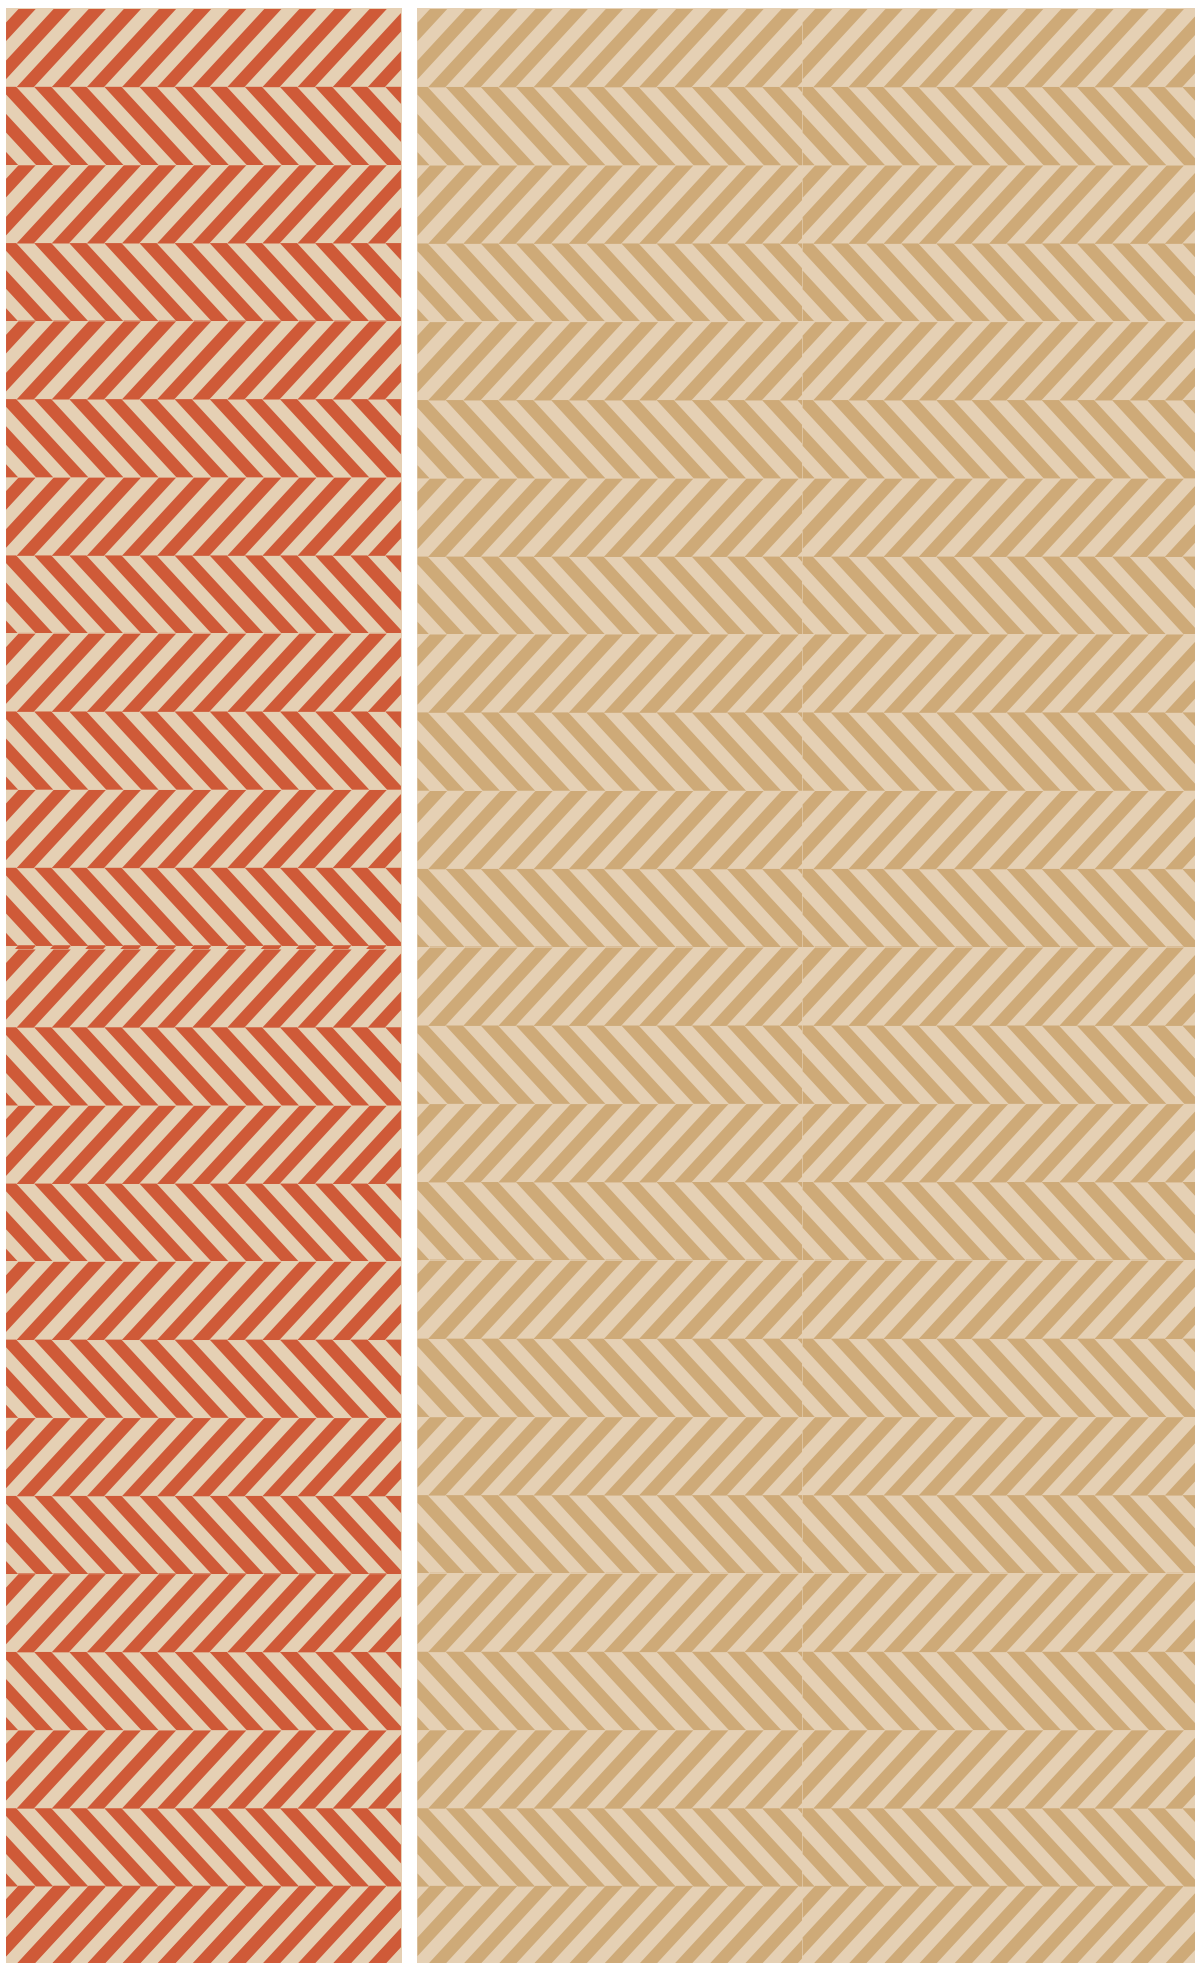

## How to make it

1. Print provided templates on card-stock weight paper. Cut out large pattern pieces and any monograms you may need.
2. Measure your can size, then use your ruler and pencil to mark the measurement on the back of a pattern piece. Use your craft knife or scissors to cut the pattern pieces to fit the can, adding about a half inch to the length for overlap.
3. Use one piece of double-sided tape to stick one end of your cut pattern piece to the can, then wrap it around the can and use a second piece of tape to secure the other end.
4. Personalize with Dad's monogram using double-sided tape.
